

Additional Child Outcomes Resources

The following subsections provide additional resources for the Child Outcomes process.

Early Childhood Outcomes Brochure

The Early Childhood Outcomes brochure provides information for parents to help them understand the who, what, why, and how of Early Childhood Outcome ratings for a child.

Idaho Training Clearinghouse

The Idaho Training Clearinghouse (ITC) website was created as part of the Idaho Department of Education's State Improvement Grant to link special educators and parents of students with disabilities with training opportunities across multiple agencies and parent groups.

On ITC website, click the Measuring Early Childhood Outcomes link on the bottom left hand side of the screen under Idaho Training Initiative. Multiple resources reside in the Measuring Early Childhood Outcomes section with specified links to identified resources.

The Early Childhood Outcomes Center

The Early Childhood Outcomes (ECO) Center is a 5-year project funded by the Office of Special Education Programs in October 2003. The ECO Center seeks to promote the development and implementation of child and family Outcome measures for infants, toddlers, and preschoolers with disabilities. These measures can be used in local, state, and national accountability systems.

The Early Childhood Outcomes Center website has tools and resources to assist states in the implementation of the child and family Outcomes for infants and toddlers.
